

Graduate Opportunity 2019

Join an exciting and growing team of podiatrists, exercise physiologists and dieticians to begin your career .

Foot and Ankle Clinics are looking for a motivated and professional Graduate Podiatrist to join our team in 2019.

The real differences that you will see in a role with our clinics, is a dedication to continued professional development and career progression.

As part of our Graduate Program with you we offer:

In House CPD nights (which fill CPD requirements).

Graduate mentor assigned to you, and regular meetings to discuss your case load and conditions.

Digital clinical setting, computerised patient management and orthotic manufacture.

Access to a full digital orthotic laboratory, including the ability to spend time with the designers.

And most of all a supportive team environment, for you to grow and develop into a career professional podiatrist.
